## MESSAGE FROM THE DESK OF MANAGING DIRECTOR

We introduce ourselves as manufacturer of premium quality office furniture in the brand name of EVA. We manufacture chairs, sofas and other modular furniture for the office.

Our chairs and sofas give the best of comfort. Our chairs are designed to give ultimate comfort and soothing effect to each and every nerve and curve of your backbone.

The posture of chairs and that of the body should match absolutely giving absolute comfort and we have achieved the same in our designs. We have designed our chairs for healthy posture and a proper shape of the spine enabling you for the long working hours for sitting job.

Our chairs are best at physical ergonomics, good looks, best quality and durability. Sitting on an EVA brand chair is a wonderful experience which keeps you cheerful, happy, fresh and comfortable.

We have the latest machinery, best advanced technology and we use the best material. We source our raw material from the best companies in India and abroad like Tata Steel and Hettich etc.

Modular offices are in style, need and the trend of the day. Modular offices have minimized the role of the carpenter. Gone are the days when it used to take months to furnish the office. Now we are ready with the solution as per your requirement, saving your precious time and efforts. We make office tables, reception counters, conference tables and modular workstations.

We offer variety of color choice. We design the office and furniture as per your choice and requirement of your work place. We focus on quality, comfort, good looks and durability.

**INNOVATE 1**  
W 3150 x D 1575 x H 1200

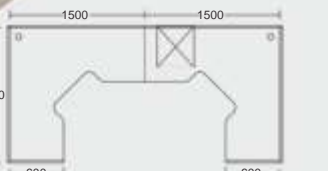

# CURVE

Only partition system with aluminum section top cover profile. Wherein flexibility to give both curve and straight shape to the partition.

**CURVE 1**  
W 3050 x D 1525 x H 1200

**INNOVATE 2**  
W 1575 x D 1575 x H 1200

**INNOVATE 3**  
W 3075 x D 1575 x H 1200

## Combining the art of Design & Functionality

### Product Technical Specification

- 75mm thick tile based partition system.
- Aluminum extruded sections.
- Hook and Clip tile system.
- 100mm high raceway for data & electrical wiring.

### Product Features

- Clip on type tile for easy re-installation.
- Powder coated aluminum frame rust and corrosion proof.
- Strong & Stable partition.
- Options in tile – Fabric, Soft Fabric, Glass, Frosted Glass, magnetic board & white board.
- Innovative design to carry cables with horizontally and vertically.
- 75mm frame provides optimum space for heavy cables
- Option of 2 snap fit aluminium raceways for data and power cables to avoid data corruption.
- Level adjusters for uneven surfaces.
- Expandable in height, length & width.
- Configuration Possible in Straight & 90 degree.

**CURVE 2**  
W 1525 x D 1525 x H 1200

### Product Technical Specification

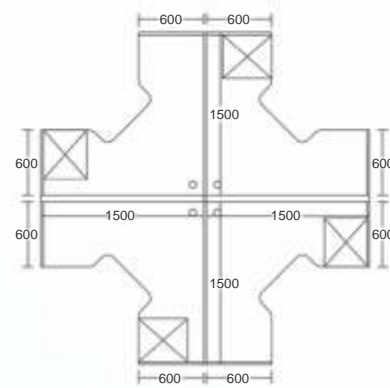

- 25mm thick pole based partition system.
- Aluminum extruded sections.
- Panel based solid partition
- Raceway for data & electrical wiring.

### Product Features

- Slim look.
- Can be use with Innovate as a side spine/divider/privacy panel.
- Curve shape of partition is possible.
- Powder coated aluminum sections rust and corrosion proof.
- Great flexibility and can be installed in very short notice
- Options of – Fabric, Soft Fabric, white board and laminate.
- Wiring is possible through an internal/external raceway.
- Snap fit aluminum raceway for data and power cables
- Level adjusters for uneven surfaces.
- Configuration Possible in Straight, 90 degree and 120 degree.

# INNOCURVE

This is a handshake combination of Innovate & Curve, wherein one can easily decrease the cost of project without changing layout and configuration.

**INNOCURVE 1**  
W 3025 x D 3075 x H 1200

## Freedom to Work

### Product Technical Specification

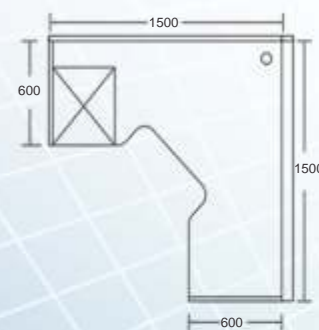

- Main Spine - 75mm thick tile based partition system.
- Side Spine - 25mm thick pole based partition system.
- All Specification Same as Innovate and Curve.
- 75x25mm aluminum post connects both partitions.

### Product Features

- It is a Handshake combination of Innovate and Curve partition.
- Curve shape of the partition gives a unique looks and open feel of the office.
- This combination reduces the cost of project.
- Main spine (Innovate) use for wiring of data and power cables.
- Side spine (Curve) use for privacy panel.
- Strong & Stable combination of both partition systems.
- Configuration Possible in Straight & 90 degree only.

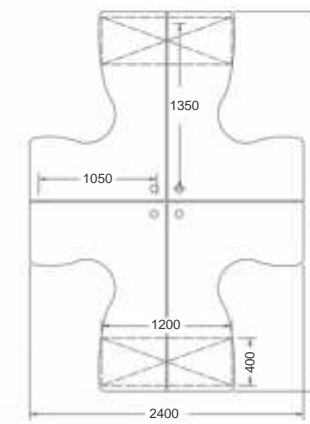

**INNOCURVE 2**  
W 1575 x D 1525 x H 1200

# AXIS

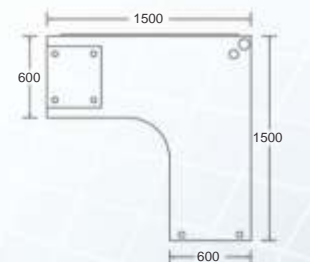

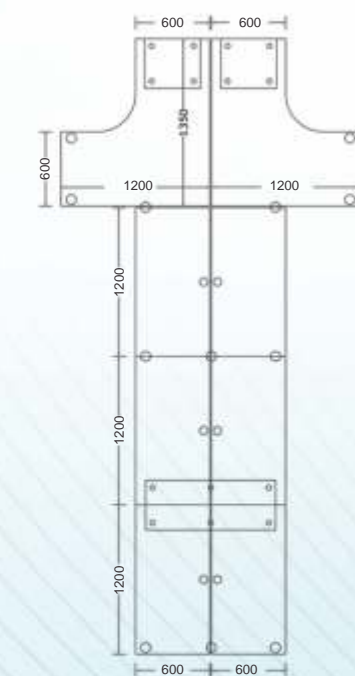

Axis is ideal for people who prefer something light on the eyes, light on the space and light on the pocket.

**AXIS 1**  
W 3000 x D 2400 x H 1200

**AXIS 2**  
W 4950 x D 2400 x H 1200

### Product Technical Specification

- Desk based System with Screen.
- Screen made of 12mm thick MDF deco painted.
- Work top support by metal powder coated legs.
- 100mm high hanging raceway below the work top for data & electrical wiring.

### Product Features

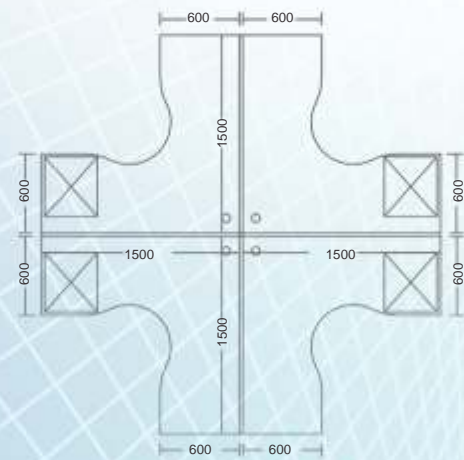

- Axis creates the most perfect office environment with great simplicity and clarity.
- Most usable product & design for low budget projects.
- 12mm thick screen gives slim look to the workstation.
- Axis gives openness feel to the user with privacy.
- Great flexibility and can be installed in very short notice.
- Hanging Snap fit aluminum raceway below the worktop for data and power cables.
- Configuration Possible in Straight and L – Shape.

# OPTIMUM

Modern style and refreshing colors optimum design totally based on European open desk system. Working atmosphere become more harmonious since desking System encourages people to communicate; connecting people as a result enhances productivity of your work forces.

**OPTIMUM 1**  
W 3000 x D 3000 x H 1200

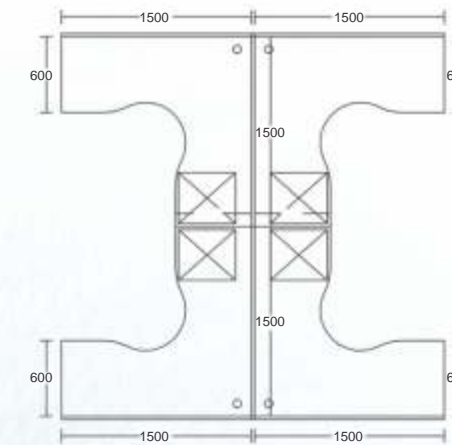

# OPTIMUM

## Product Technical Specification

- Desk based System with partition / Screen.
- 25mm thick partition for privacy, pin-up & marker.
- Powder coated triangle frame leg.
- Raceway provision below the work top for data & electrical wiring.

## Product Features

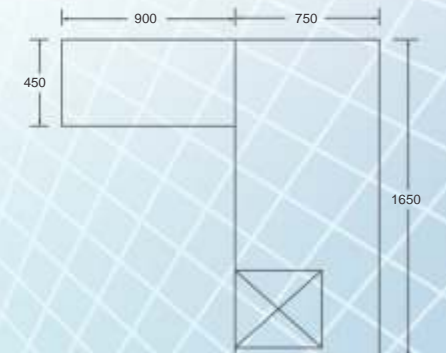

- One system many roles, it can be use to create multiple workstation options.
